

## Another Y-12er Going To Geneva Conference

**F. S. Patton, Jr. Will Give Paper At Parley**

Another Y-12er will leave Thursday, August 28, for Geneva, Switzerland, to attend the 1958 Conference on Peaceful Uses of Atomic Energy to bring the Y-12 delegation to the important parley to nine. He is F. A. Patton, Jr., of the Process Analysis Department, who will present a paper to a conference meeting.

Patton's paper, "Economics of Unirradiated Processing Phases of Uranium Fuel Cycle," was co-authored by Y-12 Plant Superintendent John P. Murray, Roger Hibbs, of the Chemical Division; and W. L. Griffith, a fellow employee in Process Analysis.

After attending the Geneva conference, Patton plans side trips to Italy, France, England and Ireland. He will return here October 2.

The main Y-12 delegation to the Geneva Conference left Oak Ridge July 29. It was composed of Assistant Y-12 Superintendent George A. Strasser, Engineering Superintendent W. K. Whitson, Jr., Hayes Hunter, Project Engineering; Clyde Dalton, Electrical Maintenance; Don Matlock and Herschell Bailey, Research Services. J. C. Ezell, Electrical Maintenance; and John Minchey, Buildings and Grounds; preceded this group to Geneva.

The Y-12 Engineering Division did the engineering work on the United States Atomic Energy Commission display, the fusion research exhibit, at the conference. The Maintenance Division representatives will help assemble and operate the exhibit at the conference, which is scheduled to be held September 1-13.

## ORNL Scientist To Talk At Physics Seminar Meet

P. D. Miller, of the Oak Ridge National Laboratory Physics Division, will speak at the divisional physics seminar set for Friday afternoon of this week, August 22. The meeting will be at 3:15 p.m. in the auditorium of Bldg. 4500, ORNL, and Miller's subject will be "Elastic Scattering of Protons and Helium Three from Helium Four." Y-12ers interested in the topic are invited to attend the seminar session.

## SUMMERTIME DISHES ON SPECIAL LUNCHES

Delicious dishes for summertime eating will be offered on the 50-cent Special Lunches to be served at the Y-12 Cafeteria tomorrow, Thursday, August 21, and next Tuesday, August 26. For tomorrow the Special Lunch patrons will be served creamed chicken on toast as the main dish and next Tuesday bologna cups with hot potato salad will be offered. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

**FINISHING FOURTH** in the American Championships for roller skating dance teams held recently in Cleveland, Ohio, was the duo of Jack Greer, son of Capt. E. F. Greer, Y-12 Fire Department; and his pretty partner, Miss Linda Jo Baker, Atlanta, Ga.

## Jack Greer, Partner Win National Honors

**Capture Fourth Place In Skate Dancing**

Jack Greer, son of Capt. E. F. Greer, of the Y-12 Fire Department; and his pretty partner, Miss Linda Jo Baker, of Atlanta, Ga., won fourth place in the recent American Championships for roller skaters with their dance routine. They competed against 22 teams in this classification and, according to Captain Greer, were the first Southern team to break into the finals in the nationwide contest. A total of 1,300 skaters competed in such groupings as dancing, speed, figure and free style skating.

For their feat Jack Greer and his partner won a gold medal and they were awarded another gold medal for proficiency in their event. In the dance classification, the field had been dominated for about 10 years by the same teams, with six of them in the finals several consecutive years.

Jack Greer and Miss Baker won the Southern Regional championship in Memphis in June, earning their right to enter the American Championships. The Y-12er's son with various partners has won several championships in the South in recent years, accumulating about 25 medals. He began serious skating competition in 1953 at the Chilhowee Park rink in Knoxville and started winning titles the following year. He is 18 years old and a junior in the College of Liberal Arts at the University of Tennessee. His Atlanta partner is 15 years old.

## PYROFAX OPENS PLANTS

Combined cylinder filling and bulk plants have been opened by Pyrofax Company, Division of Union Carbide Corporation, in Oceana, Va., and Orlando, Fla. Also included in the Pyrofax expansion are new cylinder filling facilities that have been added to an existing plant at Gainesville, Ga.

## Eldridge Payne Gets August 1 Promotion

**Carpenter Is Advanced To Assistant Foreman**

Eldridge Payne, a carpenter in the Y-12 Buildings and Grounds Department of the Maintenance Division, has been promoted to assistant foreman. The promotion was effective August 1.

Payne has been a Y-12er since September 25, 1951. Prior to coming to work here he was employed as a carpenter by the Tennessee Valley Authority at its Kingston steam plant. He also had worked for several Knoxville firms.

Born in Fontana, N. C., September 15, 1925, Payne now lives in Knoxville.

**E. Payne**

## Y-12er's Son Named To High Position At DeMolay Meet

Bobby Kennedy, son of Lee F. Kennedy, of the Y-12 Electrical Maintenance Department, and Mrs. Kennedy, was elected state master counselor at the final business session of the ninth annual Tennessee State DeMolay Association

**Bob Kennedy**

conclave held recently in Memphis. The Kennedys live at 114 East Malta Road, Oak Ridge. Young Kennedy is a past master counselor of the Ernie Pyle Chapter, Oak Ridge; is a past state sentinel and also scribe of the advisory board. He also was named DeMolay of the Year in Oak Ridge, is a member of the Chevalier, one of the highest honors that can be bestowed on a DeMolay; in addition to receiving other various honors from the DeMolay Association in the past.

## Second AICHE Seminar Meet Scheduled For Thursday

The second session of the annual summer seminar of the Knoxville-Oak Ridge Section of the American Institute of Chemical Engineers will be held at 8 o'clock tomorrow night, Thursday, August 21, in Room 18, Oak Ridge Institute of Nuclear Studies Training Building on Administration Road. J. T. Howe, of the Oak Ridge National Laboratory Solid State Division, will speak on "Design and Operation of a Cryostat at Temperatures Down to Four Degrees Absolute."

The AICHE section cordially invited all summer visitors to Oak Ridge to attend the meeting, as well as regular section members.

## UCC TO RENT SPACE

Union Carbide Corporation will rent 12 of the 52 floors in the tower of the new UCC building now under construction in New York City. The 14th through 25th floors will be rented. Each floor has 17,500 square feet of rentable area.

## Y-12 Plant Again Passes 1,500,000-Hours Work Without Disabling Injury

**Safety-Minded UCNC Employees Determined To Continue 23rd Period Past Present Record; No Cases Seen Pending To Mar Achievement**

Another Union Carbide Corporation Safety Period of more than 1,500,000 hours of plant operations without a disabling injury has been unofficially reached in the Y-12 Plant Area. Of course, there is that 20-day waiting period to determine if any disability from an injury on the job turns up before the period can be officially accepted—but the Safety Department last Friday announced there were no such cases pending to cast a shadow on the record.

The 1,500,000 mark was reached last Tuesday, August 12 and the current UCC Safety Period is the 23rd posted by the Y-12 Plant Area since May 4, 1947, when Union Carbide took over operations here.

### 22nd Period Sets Record

Pleased at reaching the minimum period operational hours without a disabling injury, Y-12ers and other Union Carbide Nuclear Company employees in the Y-12 Plant Area also are determined that the accident-free record be maintained for a long time. This 23rd UCC Safety Period follows No. 22—the outstanding record-breaker when 5,394,077 man-hours were worked without a disabling injury from December 7, 1957, through June 3 of this year.

This record is by far the best ever established by any plant, laboratory, mine or mill operated by the Union Carbide Nuclear Company and also by any contractor for the Atomic Energy Commission.

"We found out that the 5,000,000 man-hour mark can be reached," a prominent Y-12er and wholehearted advocate of safety declared last week. "Now let's go on to break that record and set our goal for the 10,000,000 figure. We have done it, and we can do it again—if everyone in the plant concentrates and cooperates in observance of safe working habits on every job."

"Of course, those fine individual safety awards are one incentive for continued exercise of carefulness on the job—but think of the much greater satisfaction attained when not a single employee suffers from pain, worry, loss of time from work and other inconveniences that are linked with a disabling injury."

### Last Accident June 24

The last disabling injury in the Y-12 Plant Area occurred on June 24, with the current Safety Period No. 23 starting on June 25. The month of June was a "Jonah" for Y-12, with all of the lost time accidents recorded so far this year being posted during that month. They total 11 for the year, with eight being the radiation exposure cases. After many weeks of waiting—the incident happened June 16—all victims of the exposure are reported well on the way to recovery.

So—with those June accidents past—every UCNC employee in the Y-12 Plant Area is earnestly urged to buckle down and—

**Keep those green lights of safety flashing at every portal.**

### 800,000 IN CHEMICALS

The United States Chemical Industry currently employs more than 800,000 persons.

## SAFETY SCOREBOARD

**The Y-12 Plant Has Operated 54 Days Or 1,678,000 Man-Hours (Unofficial Estimate) Without A Disabling Injury Through August 17 Phone 7755 For Daily Report On Accident-Free Hours**

## Son Of Y-12 Man Flying Helicopter In Mideast Area

Right in the middle of the Mideast disturbances around Beirut, Lebanon, has been Ensign Thomas Nelson Tibbatts, son of Nelson Tibbatts, a general foreman in the

Y-12 Buildings and Grounds Department. Ensign Tibbatts is a helicopter pilot attached to the aircraft carrier, USS Saratoga.

The young naval aviator recently wrote his father of the activities of the United States Navy and Marines in the troubled area. The ensign said the Navy was being kept busy with forces on the alert from 3 a.m. to 7 p.m.

In his letter Ensign Tibbatts related how he recently rescued his commanding officer in the helicopter—called "Angles" by the Navy fliers—group. The commander's craft, also carrying one crew member, crashed on its take-off and Ensign Tibbatts' "whirlybird" was called into action. The rescue craft hovered over the location of the wrecked craft and lowered its rescue line, which was grabbed by the men in the water.

Ensign Tibbatts is married to the former Miss Ann Tippy, daughter of R. R. Tippy, of the Finance and Materials Administration Department. They live at the Lakehurst Naval Air Station, in N. J., now the home base of the ensign. They have a daughter, born in July, named Terry Ann.

Ensign Tibbatts has been in the Navy for two years, training at the Pensacola, Fla., Air Station. His father reports the ensign may make a career of his naval service.

## Rides Wanted, Offered

Ride wanted from 4200 Roaming Road, Rambling Acres, Knox County, to North Portal, straight day. Lucy Pierce, plant phone 7281, home phone Knoxville 5-6824.

Ride wanted from 34 East Norris Road, Norris, to Central or North Portal, straight day. Jessie D. Parker, plant phone 7-8271, home phone Norris 2222.

Want to join or form car pool from West Haven, Knox County, to North Portal, straight day. V. G. Kelleghan, plant phone 7-8371, home phone Knoxville 5-7818.

Ride wanted or will join car pool from North Purdue Ave., Oak Ridge, to Bear Creek Portal, straight day. Joett Rule, plant phone 7-8417, home phone Oak Ridge 5-4293.

Ride wanted or will join car pool from 228 North Purdue Ave., Oak Ridge, to North Portal, straight day. Frank E. Blackett, plant phone 7064.

Ride wanted or will join car pool from Chapman Highway, South Knoxville, to North Portal, straight day. M. B. Bridges, plant phone 7-8250, home phone Knoxville 7-2694.

Ride wanted or will join car pool from Broadway and Glenwood, Knoxville, to West Portal, D Shift. M. W. Oldham, plant phone 7-8280, home phone Knoxville 2-5939.

Ride wanted or will join car pool from Gravelton, Knox County, to any portal, H Shift. F. E. Wright, plant phone 7074, home phone Knoxville MY 1-6328.

Ride wanted or will join car pool from Fountain City area to any portal, A Shift. T. M. Morgan, plant phone 7573, home phone Knoxville MU 7-9483.

Riders wanted or will join car pool from Sutherland Ave., Knoxville, to any portal, C Shift. W. A. Sharp, plant phone 7573, home phone Knoxville 8-3256.

Ride wanted from 184 Hillside Road, Oak Ridge, to North Portal, straight day. Charlene Smith, plant phone 7782, home phone 5-7121, Oak Ridge.

## Nursery School Enrollment Slated For Next Monday

Y-12 parents wishing to enroll their children in the Oak Ridge Nursery School may register there next Monday, August 25, from 9:30 a.m. to 1 p.m. at the school on Robertsville Road. The school is open for youngsters from two and one-half to five years old and may register for part time or full time basis. Classes will begin Tuesday, September 2, with class hours being from 9 a.m. until noon, Mondays through Fridays.

Mrs. Earl Garrett is director of the school. Members of the board of directors include Mesdames Robert Minturn, John Harvey and Robert S. Stone, also Fred Walters, William Ramsey and Alan Goldman.

### NEW LINDE PLANT OPENS

The new hydrogen plant of the Linde Company now is in operation at Linden, N.Y. Linde designed and constructed the plant on land leased from General Aniline and Film Corp., which will provide crude hydrogen for processing into high-purity gaseous hydrogen at the plant.

### BLACKETT-DAVIS

Following their marriage August 2 in Knoxville, Mr. and Mrs. Frank Elliott Blackett now are at home at 228 North Purdue Ave., Oak Ridge. The groom is a mechanical engineer with the Development Operations Department of Y-12 and a graduate student at the University of Tennessee. Mrs. Blackett is the former Miss Patricia Angela Davis, "Miss Tennessee" at the University of Tennessee.

The wedding was solemnized at the Sequoyah Hills Presbyterian Church with Dr. Charles A. Trentham, pastor, officiating. Following the ceremony, a reception was given at the church by the mother of the bride, after which the couple took a wedding trip to the East Coast.

The bride is the daughter of Mrs. Alleene Duckworth Davis, of Knoxville. Mr. and Mrs. Frank Cox Blackett, also of Knoxville, are parents of the groom.

For her wedding the bride wore an ankle-length dress of Chantilly lace styled with a portrait neckline and basque bodice. Her veil of illusion was held by a Juliet cap of lace with seed pearls and sequins. She carried a bouquet of asters, an orchid and lilies of the valley.

Maid of honor was Miss Dolores A. Davis, sister of the bride. The bridesmaids were Misses Lyn Shafer and Bebe Graves.

The father of the groom was his son's best man. Ushers were Bob Ray Blackstock, Dr. Robert Ryan, William Hurt, of Chattanooga; and Carl Koella, of Rockford.

The bride was a June, 1958, graduate of the University of Tennessee. She was a "Torchbearer," vice president of Alpha Delta Pi sorority, president of the university Young Women's Christian Association, chairman of the Aloha Oe group and a member of Mortar Board, Pi Lambda Theta and Kappa Phi.

The groom received his mechanical engineering degree from the University of Tennessee and now is working for a master's degree in industrial management. He also was a "Torchbearer" and was president of Kappa Sigma fraternity and of Adawayhi. He also was a member of Scarabbean, Omicron Delta Kappa, Tau Beta Pi, Pi Tau Sigma, Phi Eta Sigma and Phi Kappa Phi honorary fraternities.

### ADERHOLDT-ROWAN

The wedding of Miss Jo Anna Rowan, formerly in the Y-12 Mechanical Operations Division; and James William Aderholdt was solemnized on Monday, June 30, in the chapel of the Van Nuys Baptist Church at Van Nuys, Cal. The ceremony was performed by the Rev. Kenneth Brown, pastor of the church.

The bride is the daughter of Mrs. James H. Rowan, Sr., of Oak Ridge, and the late Mr. Rowan. The groom is the son of Mrs. William A. Aderholdt and the late Mr. Aderholdt, of Cherryville, N. C. He is with the Douglas Aircraft Co. at Los Angeles and formerly was with the Oak Ridge National Laboratory.

Mrs. Frank E. Blackett

Mrs. James W. Aderholdt

The bride wore a gown of white lace over satin and a matching headpiece at her wedding. She carried a white orchid on top of a Bible.

The only attendants at the wedding were Mrs. William Transue and Ernest Refrum, both of Los Angeles.

After a Las Vegas, Nev., honeymoon, the couple now is at home in Inglewood, Cal.

Get well wishes are extended the following Y-12ers who were patients in the Oak Ridge Hospital last week:

R. Y. Dittmore and B. M. Cox, Electrical Maintenance; E. H. Taylor, Robert Wolfenbarger, J. W. Montgomery and B. E. Burdette, Process Maintenance; J. E. Gryder, B. F. Jones and W. C. King, General Machine Shop; Arthur Hopson, Material Control; R. J. Johnson, Buildings and Grounds; J. T. White, Utilities; E. W. Koons, Mechanical Maintenance; D. H. Rader, Superintendents; D. S. Kirby, Research Services; C. F. Charlie, Tool Grinding and Machine Maintenance.

CARELESS DRIVING  
IS KID STUFF!

Oh, the Corn is Growing High Today — thanks to the generous work by the Colyum's correspondents. Thanks a lot, folks — the Prop. and Gen. Mgr. of the department now will begin the weekly tour around the premises —beginning with—

### FINANCE AND MATERIALS

Dot Park, Plant Records, just stuck her pretty head in the Colyum's sanctum door to report that she, her hubby, Homer, General Machine Shop, with George Ferrell, Forming, with his wife, Clyde, a former Y-12er, are journeying to Joisey and go wild at Wildwood in the Mosquito State for a couple of weeks of fishing and frolicking . . . Get well wishes to Freddie Jeffers, who has been out ill for two weeks.

Frances Carden, Accounting and Budget, and her husband Ray, of ORNL, are spending a week in Panama City, Fla. . . . The welcome mat was out last week for W. M. Marsh, recently transferred to this department from Finance and Materials Administration.

Mary Rudder, Materials, with her husband and three children, is at Ellinor Village, on Daytona Beach, for a week.

B. F. Hope, of Property Sales, is a travelin' man—his most recent trip was a week-ender to visit his brother-in-law in Chattanooga . . . E. Kimblin was a recent week-end visitor to his brother in LaFollette . . . C. D. and H. C. Borum are frequent visitors to the bedside of their brother, seriously ill in the Veterans Administration Hospital at Johnson City—and to whom the department sends rapid recovery wishes . . . Bill Shelton and family are vacationing with kin folks in Big Stone Gap, Va.

### MECHANICAL OPERATIONS

Vacationing from the Forming Department is W. M. Williams, taking in Florida . . . Also "resting up" is Harry Shatley, whose main vacation interest is golf . . . Two newcomers to the department, John Acuff, Jr., and E. Douglas, are welcomed to the group.

The Sunflower Shop extended a warm welcome last week to J. O. Parker, J. C. Montgomery, W. M. Stackhouse, H. Jeffers, G. E. Tidwell and B. C. Dixon . . . H. E. Cornell and his missus had as recent week-end visitors their daughter Sally and her husband from Louisville, Ky. . . . A. G. Keisling is vacationing in Baltimore, Md., to do some deep sea fishing . . . J. E. Barnes went to Wabash, Ind. . . . R. F. Phillips went to Miami . . . So did W. L. Gaston . . . Likewise did R. A. Wilson . . . J. B. Kimsey is another Florida visitor . . . G. R. Owen picked Indiana for a visit. . . . H. H. Gallups bounced off to Birmingham . . . Home-stayers included W. R. Rumph, working on his house; L. D. Griceis and C. K. King . . . Friends are glad that W. L. Blackford is improving from his recent illness and hopes to be back at work soon . . . Get well wishes also go to R. H. Higdon, Jr., who recently underwent surgery at Bacon Hospital in Loudon,

Tenn. . . . Sympathy is extended H. Crutchfield, whose brother died August 2; and to A. J. Blay, whose mother died August 3.

Headed toward Florida and continuing thataway as long as his money holds out is J. E. Bledsoe, Tool Grinding and Maintenance . . . D. L. Holbert is catching up on his water skiing on Ft. Loudoun Lake . . . W. Chambers is down in Lakeland, Fla. . . . Joe Pryson is back from meandering "all over Michigan" . . . W. B. Rutherford is staying at home in Knoxville. . . . C. Yeary, L. B. Hatfield and A. A. Gardner, temporarily assigned to the department, were welcomed last week . . . Get well wishes go to C. F. Charlie, C. E. Dial, C. M. Lane and C. D. Painter.

Z Area has Joe Raper on the vacation list, destination unknown but probably playing golf . . . P. N. Fisher is working on his house . . . J. W. Rolston is spending his time on the lakes these days . . . T. D. Tucker went to Alabama for a visit . . . Rapid recovery wishes are extended J. L. Helms and W. E. Cagle.

General Machine Shop has another big flock of vacationers . . . M. A. Parrish is visiting his mother and sister in Portsmouth, Va. . . . H. Garrison is visiting the Foley Manufacturing Co., in Minnesota, to take expert instruction on how to sharpen saws . . . A. Berry is taking a week off to fish around Haleyville, Ala. . . . H. C. Houston is spending his week off to take his daughter to Johns Hopkins Hospital at Baltimore, Md., for examination . . . E. Collier is at home in Kingston . . . E. L. Croley is staying around home in Oak Ridge . . . F. Vaughn is doing likewise at Powell . . . W. T. Arrowood is entertaining relatives . . . C. E. Nichols is spending two weeks in Cleveland, Ohio, visiting kin folks . . . F. A. Higginbotham picked Panama City, Fla., and Columbus, Ga., for vacation spots. . . . W. C. Collins is seeing Chattanooga, Atlanta and some of the Smoky Mountains . . . W. B. Tyree is engaging in his favorite avocation—fishing . . . T. H. Miller is at home in Knoxville with some fishing on the side . . . Get well wishes are speeded to F. D. Williams, now out of Oak Ridge Hospital; J. W. Dowell, Sr., who has been ill at home in Knoxville for two weeks; and also to the wife of Charley McAmis, in Baptist Hospital, at Knoxville . . . LaFaye Krohn was welcomed to the department last week.

### MAINTENANCE

Guy W. Tuck, Mechanical Maintenance, who completed his 10 years of Company Service August 16, has a spotless safety record for that time—despite work assignments that present opportunities for accidents to less careful chaps. . . . The department welcomes B. F. Porter, transferred from Process Maintenance . . . The R. R. Chilcoats had their old Oak Ridge neighbors, the Barkleys, as visitors last week from Missouri . . . Get well wishes are extended J. H. McCulley, H. Stephens, R. W. Cheatwood, E. L. Stooksbury and —of course—to one of the Colyum's best old pals, Elmore W. Koons.

Process Maintenance vacationers are hither and yon . . . Rufus Noe is in Miami . . . C. M. Smith went to Paducah, Ky. . . . W. D. Blevins and family are in St. Petersburg, Fla., for a couple of weeks . . . B. M. Thomas is visiting relatives in Ohio . . . O. O. Boles picked Boston, Mass. . . . L. M. Meadows is in West Virginia . . . J. G. Yearwood is cutting up in New York City . . . Home at Loudon suited J. T. Kelley and H. T. Spires liked his Knoxville residence . . . Get well wishes go to L. B. Johnson, still on the ailing list.

Helen Sisson, Maintenance Planning reporter, is back on the job

Continued on Page 4

## Meet The Press . . . The Bulletin Reporters

LAST BUT NOT LEAST IN THE ROSTER OF TECHNICAL DIVISION REPORTERS for The Y-12 Bulletin are pictured above. From left are Marie Hensley, Instrument Engineering; Barbara Wantland, Mechanical Inspection; Nora Moss, Industrial Engineering; Lynn Fuson, Laboratory Operations; and Evelyn Lowery, Radiation Control.

**GUYS AND GALS** in Y-12 are having a lot of fun this summer on the tennis courts. Above are two mixed doubles teams, from left being Charley Robinson and Ruby O'Kain, then Nell McGinnis and Bill Harper.

## Classic, C And Mixed Bowling Loops Meet This Week To Plan For Season

**Evening Shift League To Organize Next Week; Pin Smashing Expected To Start September 15**

Y-12 bowlers will meet this week and next to make final plans for what is expected to be a record-breaking banner season for the sport. All four of the leagues that operated last season will be back again in action during the coming season, all with increased membership.

### More Loops May Be Formed

Meanwhile, prospects are bright for formation of at least one more league for the season. The Recreation Department reported last week that almost enough teams to form an additional circuit had been making inquiries. Every assistance will be given any department or group wanting to form a team or league and such groups are urged to communicate with the department immediately so that plans for organization can be made.

The first league organizational meeting will be at 1:30 o'clock this afternoon, Wednesday, August 20, when the Classic League team captains and representatives will meet at the Recreation Office, Room 226, Bldg. 9704-2. This meeting originally was scheduled for Thursday night, but was changed on request of team captains.

The Mixed League for men and women bowlers will hold the next organizational meeting — at 7 o'clock tonight, Wednesday, August 20, in the temporary offices of the Ark Bowling Lanes, 17 Northwest Plaza, Downtown Oak Ridge.

The C League representatives will meet at 1:30 o'clock tomorrow afternoon, Thursday, August 21, at the Y-12 Recreation Office, Room 226, Bldg. 9704-2. The Evening Shift League will meet at 2

o'clock Thursday afternoon of next week, August 28, in the Recreation Office.

At these organizational meetings, league officers for the season will be elected and by-laws for the season adopted.

### All Bowling At Ark Lanes

All Y-12 league bowling this season will be at the new Ark Lanes, expected to be completed by September 15. The Ark Lanes will be one of the most modern and largest in the Southeast, with 24 well-lighted alleys, mechanical pin spotters and other up-to-date features.

The Classic League this season will bowl at 6 p.m. Thursdays. This league has been increased from 12 to 16 teams. The C League, which probably will be increased from eight teams last year to 12, will roll at 6 p.m. on Mondays. The Mixed League may increase membership from six in 1957 to 12 and will roll at 8 p.m. on Wednesdays. The Evening Shift League, which rolled in Knoxville last season, will shift to Oak Ridge this season and may increase its membership from four teams to eight. This loop will bowl at noon on Thursdays.

### PERUVIAN HOTEL MODERN

The new 12-story Hotel Savoy, in Lima, Peru, has one entire floor set aside for parking of automobiles.

## September 3 Set As Entry Deadline For All-Carbide

**Competition To Begin Week Of September 7; Tourney Is Match Play**

High noon, Wednesday, September 3, is the deadline for entering the All-Carbide Golf Tournament, which will get underway the following week. Interest in the event already is high among Y-12 golfers and a new record number of contestants is expected to be ready for play, beginning the week of September 7. In the 1957 tournament, 160 players from the three Carbide installations in Oak Ridge were entered, 74 of them being Y-12 golfers intending to play in the tournament are urged to fill out the entry blank at the bottom of this page as soon as possible.

### Finals Due By September 25

The tournament will be a match play affair, with first round matches to be completed on or before Sunday, September 14; second round tilts on or before Sunday, September 21 and finals on or before the following Sunday, September 28.

Qualifying scores for flight setups will be determined in one of two ways. Golfers who engage in league competition at Y-12, Oak Ridge National Laboratory or the Oak Ridge Gaseous Diffusion Plant must use their league averages as of noon, September 3, or plant tournament averages at the end of the tournament season, whichever is lower. These averages must be for more than 18 holes, if based on league play.

### May Qualify At Oak Ridge

Golfers who have not played in plant leagues or plant tournaments can qualify by playing 18 holes at the Oak Ridge Golf and Country Club before September 3. The score card must be attested by other members of a threesome or foursome.

Each flight will be composed of eight players, including the championship flight.

Tournament play may be on the basis of nine or 18 holes, to be determined by mutual agreement of contestants. If no agreement is reached, matches must be for 18 holes. Matches may be played at any golf course, again by mutual agreement. If no agreement is reached, the matches must be played at the Oak Ridge Golf and Country Club.

### Pairings To Be Posted

All score cards must be signed by both contestants and turned in at the Recreation Department of one of the three plants.

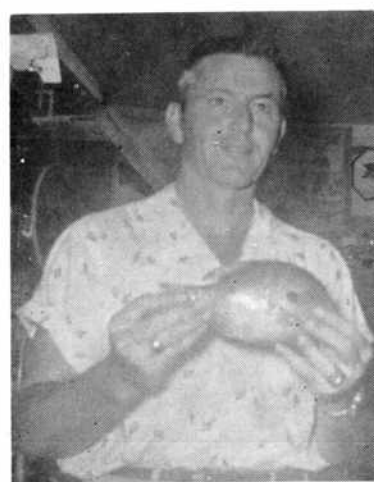

As soon as possible after closing of the entry list, Recreation Supervisors at the three plants will arrange a tournament schedule. Pairings will be posted at the Oak Ridge Golf and Country Club and at each Recreation Department. Matches must be played within the time scheduled or forfeited. In case of rain during a match, six holes may constitute a match by mutual agreement of opponents.

## Horseshoe Tourney Planned For Y-12

A horseshoe pitching tournament for head and head singles competition is planned for Y-12 advocates of the sport. The single elimination tournament is planned to start about September 2.

All shoe pitchers wanting to enter the tournament are urged to communicate at once with the Y-12 Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751. A deadline of noon, Friday, August 29, has been established for entering.

A wolf is a guy who knows all the ankles.

**THIS PLUMP BREAM-BLUE GILL** put up quite a battle for a little finny fellow before being hauled out of Chickamauga Lake by John T. Maxwell, Guard Department, to enter in the Y-12 Annual Fishing Contest. The fish was caught on worm bait.

## Ridge Leaders Hold Positions

**Top Teams Whitewash Opponents On Links**

Ed Gambill and Newt Hamby continued their reign at the top of the Oak Ridge Golf League for Y-12ers with a six-point whitewash win over Pletz-Roberts and the Holzkecht-Peckman team kept pace in second place by handing Oxford-Collins a similar defeat. McLendon-Mee, leaders a few weeks back, continued their return march toward the top by blanking Underwood-Shatley and the Emlet-Hines outfit, 1957 champions, climbed to fourth place by taking five from Dehoney-Buckminster. Other whitewash wins posted last Wednesday were by Stroud-Tiller over Kahley-Evans, Bartholomew-Smith over Anderson-Nichols and Ratjen-Snyder over Wallace-Patterson. True-Kennedy took five points from Orrison-Thomson and Speas-Cabe licked Boyd-Oliphant, Mitchell-Tibbatts defeated Davis-Arrowood and Hopkins-Belvin trimmed Taylor-Lockhart by the same score. Youngblood-Gilcrease made a strong bid to climb out of the cellar by beating Whitehorn-Brown by four.

Gambill fired 40 for low scratch score and Logan Emlet shot a 42 scratch to give him a 34 low handicap score for the day.

League standing follows:

Team	Points Won
Gambill-Hamby	72
Holzkecht-Peckman	68
McLendon-Mee	66
Emlet-Hines	64

## Dunlap-Stanley Get Shoe League Lead

The Dunlap-Stanley team dropped their first point of the second half of the season in the Y-12 Horseshoe League but took two from Hart-Zupan and maintained their lead in the loop with an 11-1 mark. The leaders also trounced Kendig-Coley for three. The Hart-Zupan duo had a busy week as they turned in three-point victories over Horton-Vermillion and Hartridge-Bittner. The Horton-Vermillion team had the consolation of taking three from Hackett-

## Carl Dorr's 73 Takes Tourney; Meet Called Best

**Many Ties Are Posted In Fifth And Final Event Of 1958 Season**

With 122 entrants roaming the Oak Ridge Golf and Country Club last Saturday, the fifth and final Y-12 Golf Tournament of the season proved one of the closest contested and successful of the year. Many ties were posted as the big field battled all the way for the prizes of golf balls.

### Dorr Leads By Eight Strokes

Carl Dorr spread-eagled the field in the First Division to win scratch honors with a fine 73. Eight strokes back in second place were Art Hines and Bob Freestone, III, tied with 81. Jack Spears came next with 85. Eddie Webster had the low handicap score of 69, Joe Pryson and John Boyd were tied at 71 and Dan Stroud had 73. Bob Orrison had 10 pars to lead in that classification and J. Bartholomew and A. L. Sawyer tied at nine each.

In the Second Division low scratch honors went to A. E. Allen with 85. George Everitt and J. P. Smith tied with 88 and K. R. Merrill blasted an 89. In handicap scoring it was George Cantrell 68, C. C. Dinkins 71 and H. C. Nichols and K. Somerfeld tied with 72. Frank Tiller and E. L. Hendrick each had seven pars.

### Many Ties In Third

J. C. Thompson shot a 90 for low scratch in the Third Division. Walt Lovell was second at 95 and then came Eddie Roberts, Sr., E. Hill and C. C. Hopkins, all with 98. E. N. Rogers and J. W. Phillips were in a dead heat with 72 for low handicap. Harold Ratjen had 75 and W. E. Belvin and Rudy Pletz tied at 76. Tied at five pars each were R. Dehoney and L. E. Burkhardt.

The Fourth Division scratch honors went to J. Clouse with 98. Joe Williams had 100, J. D. Davis 102 and O. E. Gilcrease 108. J. Gregory had 67 for best handicap, followed by B. I. V. Bailey 68, Phil Breman 71 and George Lockhart 75. G. B. Anderson and W. J. Yaggi each had three pars.

## 20 Y-12ers Enroll For Golf Lessons

A group of about 20 Y-12ers have signed up for the course of six golf lessons to be given by Oak Ridge Golf and Country Club Pro Raymond "Rabbitt" Grove. The course will start at 6 o'clock Tuesday afternoon, September 2, and will continue on Tuesdays and Thursdays thereafter — September 4, 9, 11, 16 and 18 at the Oak Ridge club.

The course will consist of instruction in basic fundamentals of the game, including the swing, grip and other principles of the game.

Any other Y-12ers wishing to enroll in the class are invited to communicate with the Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751.

Hilton by default. Kendig-Coley got two points in their win over Horton-Vermillion.

League standing follows:

Team	W	L
Dunlap-Stanley	11	1
Beckett-Smith	9	3
Hart-Zupan	10	5
Kendig-Coley	8	4
Horton-Vermillion	8	7
Hartridge-Bittner	0	12
Hackett-Hilton	0	12

### FURNISHINGS FLOURISH

Americans spent more than \$22 billion last year for home furnishings. With 4,000 new brides listed daily, this demand is bound to increase.

"LITTLE INSPECTOR" is the title of this snapshot by W. J. Muerth, Mechanical Inspection, that shows his grandson, Joseph W. Hance, Detroit, Mich., who is helping grandpa mow the Muerth lawn. The picture took first place in the Y-12 Photographic Contest for the week ending August 15.

## Campbell Unbeaten In Tennis League

Sam Campbell won three matches last week to remain undefeated in the Y-12 Men's Tennis Singles League. He repelled Christman, his closest rival, by 8-6, 6-3, downed Rekmeyer 6-1, 6-3 and blanked Houston 6-0, 6-0. Christmas held second place with a 6-3, 7-5 victory over Robinson. Kuhn had a tough job disposing of Fischer 6-1, 4-6, 6-4 and then beat Perry 6-1, 7-5. Rekmeyer took a 6-3, 6-3 decision over Fischer and Houston trounced Harper 6-3, 6-2.

League standing follows:

Player	W	L
Campbell	11	0
Christman	7	1
Laggis	4	2
Robinson	4	2
Perry	4	3
Rekmeyer	3	3
Fischer	4	4
Sheehan	3	5
Houston	2	7
Kuhn	2	7
Caudill	2	8
Harper	0	7

A strong-minded person is one who doesn't NO his own mind.

LOTS OF FUN WAS HAD BY Y-12ERS IN THE MECHANICAL INSPECTION DEPARTMENT recently at the annual departmental picnic. The shindig was held at the Solway Swimming Pool, rented for the entire afternoon for the affair. The department recreation committee, consisting of D. W. Hackett and J. C. Thompson, supervised games and contests, including beauty contests for men, an egg race for women and other interesting events. L. A. Morris won a ham in a drawing. In the pictures above, guests enjoy swimming, at right, and romp on the hillside at left. Of course, there was lots of fine picnic food.

## Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 or 10 years Company service within the next few days:

### 15 YEARS

**Merle B. Hilton**, Mechanical Engineering, August 23.

**Everette C. Cox**, Chemical, August 24.

**Briscoe W. Ivy**, Buildings and Grounds, August 26.

**Katherine L. Miller**, Buildings and Grounds, August 26.

### 10 YEARS

**Melvin C. Tipton**, Process Maintenance, August 24.

**Kenneth H. Wright**, Steam Plant, August 25.

## Y-12 Fishing Rodeo Closes September 1

Whether bad angling conditions prevailed or the fish just were not biting during the past several weeks has not been ascertained by the Y-12 Recreation Department—but the number of entries in the Fishing Rodeo that closes at midnight Monday, September 1, Labor Day, are below par for the course.

There are a lot of fine prizes to be offered for first and second places in the rodeo so the avid anglers of Y-12ers are reminded that not quite two weeks remain in which to file entries for the rodeo. Fishermen wanting entry blanks may obtain them from shift recreation committees or from the Recreation Department, Room 226, Bldg. 9704-2.

## Walleyed Pike Put In Cherokee Lake

Fishing for walleyed pike is expected to pick up at Cherokee Lake before many more seasons roll around, as the Tennessee State Game and Fish Commission recently stocked the lake with some 2,500,000 small fry of that finny specie. The young walleyed pike, about one-half inch long, were produced at the commission's hatchery at Morristown from eggs obtained in Ohio. The fish were scattered around 50 miles of shoreline at Cherokee Lake.

Continued from Page 2

after being out with the miseries—good going, gal . . . **W. N. Jennings** and family are vacationing in the New England states . . . Get well wishes are rushed to **Charlie Cottrell**, ill in St. Mary's Hospital, Knoxville.

**Evan Means**, Research Services, has been hobnobbing with the big shots in Nashville, attending the Tennessee State Water Policy Commission to discuss the Commission's report to the governor and proposed new laws on the subject . . . **C. C. Sharp** is vacationing at Cumberland Falls, Ky., visiting an uncle 109 years old . . . **B. B. Coulter** is in Miami for two weeks . . . **F. Irwin** got as far as Daytona Beach . . . The Colyum's correspondent, **Alice Boxley**, is in Louisiana for a visit with her daughter and grandson . . . Rapid recovery wishes are sent **D. F. Kirby** and also to the wife of **Ed Pollard**—both having been hospitalized . . . **Joe F. Davis** was really hit by tough luck recently—his house burned to the ground with nothing saved.

The Laundry Department reports **Glendon Miller** is vacationing with relatives in Indiana . . . **Nancy Holcombe** is taking it easy for two weeks at home in Oak Ridge.

**Georgie Gregory**, of the Janitorial staff, is vacationing for two weeks at home—and get well wishes are extended her mother, in a Maryville hospital.

### INDUSTRIAL RELATIONS

**Liz Campbell**, the Colyum's operator in the Fire and Guard Departments, took off last Friday for a Daytona Beach vacation—to leave, she says, "some impressions in the sand" . . . He don't know it yet, but **Capt. Bill "Sparky" McGill**, who was vacationing last week, has been appointed reporter pro tem until **Liz** returns . . . **Fireman J. W. Doane** and family are vacationing in Memphis and Tullahoma this week . . . **Guard F. A. Ruckert** is sashaying all over Florida . . . Get well soon wishes are sent **Guard J. A. Margrave** in St. Mary's Hospital, Knoxville; and **H. L. Montooth**, hospitalized in Sweetwater.

**Lee Bagwell**, the Sachem of Safety, is braving the bears at Cade's Cove in the Smokies for his vacation . . . **Laurene Holcomb** is back from a Virginia vacation . . . **Ernie Bentley** also vacationed in Virginny.

While passing, it can be related that the Colyum Conductor **George W. Dobbs** plans to week end at Lake Shores, on beautiful Wauaugaug Lake up in upper Upper East Tennessee to attend a conclave of the Appalachian Industrial Editor's Association.

### ALLOY

Alpha Five sends best wishes along with **F. Lambdin**, who will be transferred September 1 to Development Operations, of the Technical Division . . . **J. E. McNabb** and family are visiting rela-

tives in Battle Creek, Mich., and will take a side trip to Canada . . . **C. R. Rea** and family are visiting his parents in Saxon, Mo.

Alpha Four (welcome back to the fold) reports **Bob Wilder** and the Mrs. flew down to Tampa, Fla., for a rest . . . **Brad Napier** is a big time vacationer on Douglas Lake . . . **Hubert Morgan** is visiting at Myrtle Beach, S. C. . . **P. D. Quinley** went back to Harlan County, Ky., for a week . . . Congratulations to **C. E. Stooksbury**, of C Group, and Mrs. Stooksbury, who are proud parents of a bouncing baby boy . . . Get well wishes go to **Ruby Lucas**, in Oak Ridge Hospital.

Colex Auxiliary has **John Byrd** vacationing in Oak Ridge with a meander to Mississippi also booked . . . **Frank Stoetzel** is at home in Knoxville and other homebodies are **A. E. Harvey**, getting acquainted with his new baby; **Joe Bowers** and **J. P. Seagle** . . .

The department will miss **L. Lasher** and **A. J. Caputo**, transferred to Development Operations in the Technical Division and wish them well in their new posts . . . Welcomed to the department are **P. J. Bertin** from Alpha Five, **S. J. Frost** from Alpha Four and **R. W. Dehoney**, on loan from Process Design in the Engineering group of the Technical Division . . . **L. T. Hardin** makes a progress report on his golfing—says his game is improving from 128 first time out to 127 after six weeks of practice.

### TECHNICAL

It's a "happy birthday" today for little **Donna Sue Meredith**, granddaughter of **Roy Roberts**, Health Physics—the husky youngster is eight months old . . . Her mother is the former **Bonnie Roberts**, of Production Assay.

Donna Sue

ports **Nell Mercer** visiting relatives in Alabama . . . B Shift welcomes **Jean Shelton**.

**Anne Fleener**, of the Laboratory Division, went to Chattanooga to attend the wedding of her sister.

**J. E. Parham**, Laboratory Operations, has been doing his stint for Uncle Sam with Army training at Camp Gordon, Ga. . . **Sylvia Smith** was a Florida vacationer last week . . . **Ruth Andrew** is back from two weeks at Greensboro, N. C.

**Betty Creigh**, Production Analysis, was a West Virginia vacationer . . . **Ruby Viator** and family visited former Y-12er **Charles Mink** and his folks in Nashville recently . . . **Ruth Cox** visited her alma mater, Lincoln Memorial University, a few days ago.

From Special Testing comes word that **Arkie Jamison** has his in-laws visiting him during his vacation . . . **H. R. Gwinn** is up in the hills of West Virginia . . . **B. B. Hopkins** is trudging around Ft. Benning, Ga., for a couple of weeks to aid the national defense.

Mechanical Engineering has been visited by that long-legged bird again—this time it's a six pound, 12 3/4 ounce girl born to **Pat O'Brien** and his missus Tuesday, August 12—congratulations . . . **Lieut. H. A. Pohio** is away on two-weeks military leave attending Naval Ship Activation School at Green Cove Springs, Ala. . . The **Lon McNeils** are having fun at Daytona Beach . . . **P. E. Shelley** took a couple of weeks for a round of visiting and sight-seeing in New York City, Pittsburgh and Indiana, Pa., where his parents live . . . The **Russ Hensleys** are cruising down the river to New Orleans . . . **Dick Wyrick** and family also are in New Orleans . . .

**CRACK CARBINE SHOT** is SP4 Cleon S. Hartman, son of Orel C. Hartman, of the Y-12 Mail Room. Cleon Hartman is with the HQ. and HQ Co., 2nd Armed Rifle Bn, 51st Infantry, U.S.A., now stationed in Ulm, Germany. He recently won his third straight battalion rifle range competition with the carbine and was presented a handsome trophy by his battalion commander, Lieut. Col. Stanley F. Parr.

**John Bennett** and family are in Miami and the **Dewey Foulks** are in Washington, D. C. . . **Bob Lassiter** and his wife visited her sister in Lexington, Ky., recently . . . Illness took **Clara Hickey** away from her typewriter for a few days last week . . . **B. L. Hammer** says he is learning to play golf now—and some wag remarked no one should be able to outdrive a Hammer (Ouch!!) . . . **Don Rose** and the missus recently were visited by her sister, her husband and children, from Gainesville, Fla. . . **E. E. Palmer** has his mother from Waterbury, Conn., as a visitor . . . The MEs are looking forward to that big picnic at Cove Lake State Park, near Caryville, come Saturday, August 23—better be there.

**Roy McKnight**, Piping Engineering, was reported steaming Savings Bonds off his bathroom wall last week during the first part of the week and then during the latter part of the week trading them off for a new vehicle in Detroit, Mich.

**Bill Seaver**, Production Inspection, is off to Georgia for vacation with plans to visit in Virginia.

**Jim Schreyer**, of the Analytical Chemistry group of Development Operations, and his wife are spending this week in New Orleans.

### SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

The SS Office and other pals of **Dan Rader**, Plant Shift Superintendent, hope "the admiral" quickly recovers from whatever is wrong with him at Oak Ridge Hospital.

**R. E. Ballew**, of the Steam Plant, is vacationing in Cincinnati, Ohio.

### CHEMICAL

The Chemical Department rolled out the crimson carpet of welcome last week for newcomer **Lucy E. Pierce** . . . Vacationers are **Milo Ward** in Johnson City, Tenn., and Gate City, Va., **W. C. Seymour** in Mississippi and **M. S. Grim** at home in Norris.

This is the very end—and greetings from the Thank Goodness, It's Friday Club.
